ABOUT US

The manufacturing plant at Estudio Ceramico is India's first and most advanced. We employ the highest quality of equipment, combined with best-in-class technology. This ensures that we consistently deliver the highest quality of products to all our customers, both at home and overseas.

The journey of EStudio Ceramico started in 1992 in the little town of Castellon, Spain. Since then it has become one of the most trusted and respected manufacturers of decorative tiles in Europe and across the world. Through the years, due to the demand of our clients, we have started manufacturing plants in Spain, Mexico and finally in India. In India, Estudio Ceramico has partnered with the well-known ceramic tile manufacturer Sandhya Group.
